

*Is your institution focused on regulatory compliance training?*

*Do you have the necessary tools to train your employees?*

*Are you looking for a comprehensive & easy to use regulatory training resource?*

Here is your opportunity to examine the best compliance training manuals in the industry... risk free for 15 days. REGCOM's Compliance Training Service manuals provide in-depth coverage of 30 specific banking regulations/focus areas that affect financial institutions on a daily basis. Used by institutions across the U.S. as well as for training sessions at national conferences, our manuals are easy to read and understand. The training material is highly flexible and can be used to train all employees — from the President to the front line.

Written and updated by former regulators and bankers at REGCOM, the Compliance Training Service manuals have become the training standard in many institutions. The comprehensive 2 volume set subscription gives you basic and detailed regulatory information to assist you in preparing for examinations and keeping you informed of key issues.
